### Attendance & Time Commitment

Accepting an offer to be on the Competition Team is a commitment of one full year (August 2024 - August 2025). If accepted into a competition team you will be required to attend our Competition Choreography Week this summer June 10-14 9am-3pm. All Competition Team dancers should not be absent for any competition classes unless it is excused (3 absences max allowed per year). Your commitment to your Team will not only effect your dance training but will negatively impact the entire team if absent, and your presence in class is crucial during choreography creation. No make-up classes will be available. Please do not consider being a part of the Competition Team if you expect scheduling conflicts with other events or activities.

### Competition Attendance

All Competition Team Dancers will be required to attend all Regional and National Competitions. This 2024-2025 Season will include (2-3) Regional Competitions and (1) Convention. All Regional Competitions and Conventions will be located within the state of Florida. Regional Competitions are scheduled between the months of January-June, on Fridays, Saturdays, and Sundays (3 day commitment). All Competition schedules are only provided to the studio 5-7 days prior to the event, so please reserve weekend availability during competition months.

### Financial Commitment

Mandatory classes include: Ballet, The Company, Technique, and Competition Team class. \*Please note that Competitions may require overnight travel expenses. Convention/Workshop competition fees (per person) estimate \$150-\$300. Each performer will be required to purchase a costume per dance performed. All costumes will be reused for all competitions attended for the season.
